- On 18 September 1950 a large tunnel, located near Skoplje, was mined and blown
  up. The explosion caused a discontinuance of railroad traffic for ten days.
  This was the second act of sabotage executed on this tunnel, the first having
  occurred in May 1950 at which time traffic was interrupted for a period of
  three weeks.
- 2. On 27 September 1950 fire was set to the naptha wells located at Velika Greda, on the Vrasac-Zrenjanin line.
